The Financial Reporting Council (the FRC) is the full-fledged independent listed entity auditor regulator for Hong Kong. It is entrusted with the statutory duty under the Financial Reporting Council Ordinance to regulate auditors of listed entities through a system of registration and recognition, and through inspection, investigation and disciplinary action. Being the statutory body charged with the responsibility for audit quality and auditor oversight, we respond to questions that are relevant to the enhancement of audit quality and auditor independence.

1.	We propose to amend the existing threshold for imposing a PII Statement and to make it clear that a PII Statement can be made whether or not an individual continues in office at the time of the PII Statement. Do you agree?
	□ No
	If your answer to the above question is "no", please provide reasons for your views.
	We support the principle of the Exchange's proposal but would like the Exchange to elaborate clearly to the market the "factors and considerations" or "circumstances" that would warrant the issuance of a PII Statement given the seriousness of such a Statement.
2.	We propose to extend the scope of a PII Statement to include directors and senior management of the relevant listed issuer and any of its subsidiaries. Do you agree?
	□ No
	If your answer to the above question is "no", please provide reasons for your views.

Directors and senior management of a listed issuer are responsible for the effectiveness of the issuer's processes for financial reporting and play an important role in ensuring the integrity of financial statements. In discharging their duties, directors and senior management must exercise reasonable care, skill and diligence, failing which would have an adverse impact on the quality for auditing. We, therefore, support the Exchange's proposal to extend the scope of a PII Statement to include directors and senior management.

3.	or senior management member of the named listed issuer after a PII Statement has been made against him. Do you agree?
	□ No
	If your answer to the above question is "no", please provide reasons for your views.
	We support the Exchange imposing in cases involving more serious conduct (see paragraph 48 of the Consultation Paper) appropriate follow-on action as a graduated response to an individual remaining in office as a director or senior management member despite a PII Statement.
	Since the follow-on actions are imposed at the same time a PII statement is made against an individual, it is not clear whether an order for follow-on actions could be made for cases involving more serious conduct if an individual has left the named listed issuer. If the answer is negative, the intention of indicating an additional gradation of seriousness in breaches by individuals would not be achieved where the individual has left the listed issuer by the time of the disciplinary decision.
4.	We propose that, after a PII Statement with follow-on actions has been made against an individual, the named listed issuer must include a reference to the PII Statement in all its announcements and corporate communications unless and until that individual is no longer its director or senior management member. Do you agree?
